

WHAT IS THE REPLANT HUB?

A revolutionary online resource platform for rural and struggling churches where you can access an extensive library of preaching and praise content for your church's needs. The Replant Hub gives congregations free access to a robust catalog of preaching and sermon series and diverse worship and praise song content.

WHAT IT IS:

- a platform for churches to get the quality preaching and worship resources they need.
- a tool to help struggling churches thrive and make disciples again!

WHAT IT'S NOT:

- the long term answer for all of a church's needs
- the only solution for a church that's struggling or stuck.

WHO IS THE REPLANT HUB FOR?

The Replant Hub was made for stuck and struggling churches nationwide because we believe no church should shut its doors from a lack of worship resources. Small or rural churches are perfect for leveraging Replant's virtual worship support as a temporary solution to start a new season of ministry.

HOW DOES THE REPLANT HUB HELP?

Through Replant Hub's content library, we provide a place for churches to go and get the quality preaching and worship resources they need, so they can start thriving and making disciples again. The Replant Hub fulfills a variety of needs for churches, including temporary full-time sermon and praise needs, supplementing gaps in preaching or preachers, and providing consistent praise and worship leadership support.

THE PROBLEM

Of Churches Are Plateaued Or Dying

17 SBC Churches Have Their Final Sunday Each Week

900-1200 SBC Churches Close Each Year
