

## Community Interview Questions

When did you come to this community?

If new to the community, then ask: Why did you relocate here?

What are the changes you see taking place in our community?

Do you think these are positive or negative?

What's best about this community?

What needs to be changed?

Do you attend worship in the area?

If so, where?

If not, why not? (not religious, never thought about it, etc.)

(Do not be afraid to share the gospel, but do not let sharing be the guiding force for the conversation. Do not sound judgmental. The kingdom information you will receive will help with your on-going missional needs).
